The OWLS Academy Trust aims to protect the wellbeing of its students by providing a safe and nurturing environment at all times.

The Trust has taken a number of measures to create a coping, supportive and caring ethos in the school. The school has also formulated a number of policies and procedures to be followed with a view to ensuring the physical and psychological safety of staff and students, both in ordinary time and in the event of a critical incident.

What is a Critical Incident?

A critical incident is recognised by the Trust to be “an incident or sequence of events that overwhelms the normal coping mechanism of the school and disrupts the running of the school”¹

- The death of a member of the school community through sudden death, accident, terminal illness or suicide;
- An intrusion into the school;
- An accident / tragedy in the wider school community;
- Serious damage to the school building through fire, flood, vandalism, etc;
- The disappearance of a member of the school community;
- An accident involving members of the school community.

Aim

Recognising that the key to managing critical incidents is planning, the Trust has developed this Critical Incident Management Policy and accompanying plan. Our hope is that. In the event of an incident, these will help staff to react quickly and effectively and to maintain a sense of control. They should also help us to achieve a return to normality as soon as possible and ensure that the effects on the students and staff will be limited.

Creating a Coping, Supportive and Caring Ethos

Systems are in place to lessen the probability of an incident occurring. These include measures to address both the physical and psychological safety of both staff and students.

Physical Safety

- Formation of Health and Safety Policy.
- Regular fire drills occur.
- Fire exits and extinguishers are regularly checked.
- Pre-opening morning time supervision in the school yard.
- Gates closed during school hours, door open only when supervised by the office.
- Rules of the playground promoting safe play with Yard Buddies and no-running policy.

Psychological Safety

We aim to create an open and encouraging environment in the school, where students can talk about their difficulties and seek help for same.

- SPHE programmes are included in the curriculum to address issues such as grief and loss, communication skills, stress and anger management, conflict management, problem solving, help-seeking, decision making, and alcohol and drug prevention.
- Our discipline policy includes a detailed anti-bullying policy.
- Staff are informed of difficulties affecting individual students and are aware and vigilant to their needs.
- Staff have access to books and resources on difficulties affecting the primary school child.
- The Trust has developed links with outside agencies, which may be contacted in the event of an emergency and for onward referral of students

Critical Incident Management Team

The OWLS Academy Trust has set up a Critical Incident Management Team structure in line with best practice² and will maintain this team in future. The members of the team were selected on a voluntary basis and will retain their roles for at least one school year. The members of the team will meet once a year to review and update the plan. - Positive information or comments about the deceased/injured person(s);
- The facts of the incident;
- What had been done;
- What is going to be done

Confidentiality and Good Name Considerations

The Trust / School has a responsibility to protect the privacy and good name of the people involved in any incident and will have to be sensitive to the consequences of any public statements. The members of the school staff will bear this in mind, and will seek to ensure that pupils do so also. [For instance, the term “suicide” will not be used without the consent of the family involved or until it has been established categorically that the person’s death was a result of suicide. The phrases “tragic death” or “sudden death” may be used instead.]

Critical Incident Room

In the event of a critical incident the staff room will be the main room used to meet the staff, students, parents and visitors involved.

Development and Communication of this Policy and Plan

All staff were consulted and their views canvassed in the preparation of the draft plan. Parent representatives were also consulted and asked for their comments. The final policy and procedures in relation to responding to critical incidents has been presented to all staff.

Each member of the critical incident team has a personal copy.

All new and temporary staff will be informed of the details of the plan by the head teacher.

Timetable for Review

The operation of these procedures will be reviewed and, if necessary, amended annually. This review will be initiated and co-ordinated by Trustees.
